Nursing Home TIC Talk Webinar Series

About these webinars:

Mountain-Pacific Quality Health invites you to participate in our nursing home Trauma-Informed Care (TIC) Talk webinar series.

During this 10-part series, you will learn what TIC is and how this method can be used in nursing homes. You will also learn the following:

- ✓ How to meet the recent regulations requiring assessment of trauma
- ✓ The impact of loneliness and isolation on residents during a global pandemic
- ✓ Care considerations specific to dementia and delirium
- ✓ How to approach prevention and management of behavioral disturbances in the nursing home
- ✓ How to minimize trips to the emergency department
- ✓ Medication treatment in nursing homes and how to watch for side effects that may not be obvious
